## THEATRE HALL

*"We use CREA's halls mainly for recording webinars of the FD Media Group. We then build our own studio in the music or theatre hall.*

*CREA is ideal for us because we have all the freedom to arrange the space, bring our own equipment and use or not use the available technology. Furthermore, it is conveniently located near the A10 and there is plenty of parking space nearby for our guests.*

*But what we like best of all is the atmosphere. You are actually among students. Especially if you also use the café's service. An inspiring environment with nice, young and smart people from the Netherlands and beyond. That gives us and our guests hope for the future!"*

# MUSIC HALL

'When my band from New York was looking for a venue to perform in Amsterdam, I came across CREA via Google and it seemed perfect for what we were looking for. We needed a spacious music venue with professional sound and lighting equipment. Besides being the perfect space for us, the cooperation with the staff and event producers was also very pleasant.'

Organising a tour from the US is difficult, but the team at CREA made it easy. The set-up of the event and the show went well beyond expectations. CREA was the venue for my band's very first European performance and I would highly recommend it!'
